Housebound Library Service

This service provides materials to people of all ages who are unable to use a Community Library due to illness, disability or frailty. The service can be permanent or temporary for example where someone may be recuperating from an illness or accident. The same quality of service and access to the same range of materials as those found in a community library are delivered directly to the individual's home. Spoken word and large print are available for the visually impaired. The Housebound Reader Services Officer will visit applicants for the service within two weeks of referral. Here the service will be explained, eligibility accessed and a User Profile compiled. The profile contains information about the users reading preferences. The service is free of charge requests to receive it can be made by individuals themselves, relatives, friends or carers. Please ask staff for details.
