

Services for People with a Visual Impairment

Stockton-on-Tees Borough Council has a specialist sensory support team that provides a service for people of all ages who are in need because they have a visual impairment.

The Specialist Sensory Support Team can:

- offer an assessment to determine care and support needs
- advise you on the range of services available to people with a visual impairment
- provide information and advice
- signpost to other agencies

Services can include:

- The supply of specialist equipment to maintain independence.
- Rehabilitation Training - People who are visually impaired [partially sighted or blind] may benefit from training to cope with daily living such as communication and accessing the community.
- Completing Registration: Your GP may have referred you to a consultant ophthalmologist. If the consultant ophthalmologist has given you a Certificate of Visual Impairment (CVI), a copy will be sent to your GP and specialist sensory support team. When Stockton-on-Tees Borough Councils specialist sensory support team receives the certificate, they will contact you to provide you with information about registration and offer you an assessment.
