

Council Tax Discount Application For Persons With Severe Mental Impairment.

What Are Discounts?

The Council Tax assumes that two adults live in your home.

If only one adult lives in a property a discount of 25% (one quarter) will be given.

In some cases, even if there are two or more people aged 18 or over living in a property, a discount of up to 50% (one half) may still be given. This is because certain people are not counted when deciding how many adults live in the property.

Properties occupied only by people who are severely mentally impaired are exempt from Council Tax. In order to qualify, the severely mentally impaired person(s) would have been the person(s) liable to pay the Council Tax if this exemption did not exist.

People Who Are Severely Mentally Impaired

A person will be disregarded for Council Tax discount purposes if they are severely mentally impaired.

For a person to be disregarded he/she must be:

- a) certified as severely mentally impaired by a Registered Medical Practitioner, and
- b) entitled to one of the following benefits: -
Personal Independence Payment, Employment & Support Allowance, Incapacity Benefit, Attendance Allowance, Severe Disablement Allowance, the care component of a Disability Living Allowance (at the middle or higher rate only), an increase in the rate of Disablement Pension (where constant attendance is needed), Disability Working Allowance, Unemployability Supplement, Constant Attendance Allowance, Unemployability Allowance, Income Support where the applicable amount includes a disability premium. The 'limited capability for work' or 'the limited capability for work related elements' of Universal Credit.
OR would be entitled to one of the above benefits but for reaching pensionable age.
OR has a partner in receipt of Jobseeker's Allowance which has been increased on the grounds of their incapacity to work.

Evidence requested in this form can be uploaded online on our webpage: www.stockton.gov.uk/evidence.
